

You might not need all these parts, so there may be some left over depending upon the specification of your TV Wall Mount. This kit is intended for indoor use only. Use of this kit outdoors could lead to failure and personal injury. It is the responsibility of the installer to ensure that the mounting wall is of a suitable standard and void of any services (eg gas, electricity, water etc). AVF accept no responsibility for any damage or loss caused by installing your TV Wall mount in a substandard wall.
